Re: 2019-2020 School Year Information
From: OHS Administrative Team

We hope your summer is off to a great start and you are enjoying time with family and friends! We are working this summer to prepare for a great 2019-2020 school year and wanted to take a moment to share some important information with you. As we plan for the upcoming year, our work will be centered around two critical goals: ensuring a top-notch education for the students of OHS and building a safety plan that will allow all students and staff to function well in a secure environment. Every initiative and decision made this year will center around one of these goals. Ooltewah High has often been named the flagship of high schools in Hamilton County and we continually strive to be a great school. We need your partnership to make OHS the best high school in Hamilton County.

Included with this letter is an information flyer and our modified dress code for the upcoming school year. We will continue to release information over the summer about upcoming events such as registration and the beginning of school. All changes noted on the attachments will go into effect the first day of class (August 7, 2019). During the first days of school, we will be meeting with each individual grade level to share plans, expectations and goals for the school year.

We are excited, this year, to launch several new opportunities for students. We will be a part of the HCS's launch of the high school 1:1 initiative where every student will receive a laptop computer to enhance their learning experience. As we are made aware of the timeline of the launch cycle, we will share that information with you. There will be a required training for each student and a guardian. We are equally excited to be establishing a brand new Audio-Visual Program for Ooltewah students. Our plan is for these classes to give students the opportunity to highlight and broadcast all the amazing things happening throughout the year. Additionally, we will continue the great work began last year while moving to deeper levels to ensure students are given quality learning opportunities in all classes. We ask for your support at home and partnership with us to ensure all students are successful in their pathway for the future.

In an effort to improve our facilities, we will host our first Campus Beautification Day on July 12th. There will be two shifts (8:00am-11:00am and 12:00pm-3:00pm) with lunch provided from 11:00am-12:00pm. We would love to have you participate as we work towards our students having a beautiful facility to attend each day.

Ooltewah High School has a 112-year old legacy of amazing students who have enjoyed a wonderful high school experience. It is our intention to continue that legacy. We are excited to have you with us as partners to ensure our students have every opportunity for success. We wish you a safe and joyous summer and look forward to seeing you in August.

Blessings,
OHS Administrative Team
